

SIMPLE THINGS CLOCK

Designed by Patty Lennon

Supplies

#16306 Bare Elements Carol Clock
#17771 Pizzazzill Tags and Numbers Chipboard
#18654 Christine Adolph Harvest Grid Foil
#17603 Narratives Cream Scroll Paper
Dark Brown Cardstock
Beige Cardstock
Four Large Gold Brads
Adhesive

Instructions

1. Cut a piece of dark brown cardstock to fit the front of the clock. Cut hole for the center clockwork pieces.
2. Journal the words "take time to enjoy the simple things" onto Beige Cardstock (four times). Cut into strips and arrange along all four sides of the clock. Adhere so that the dark brown edge shows and trims the beige cardstock strips.
3. Cut a grid of 3 x 3 leaves from the Harvest Grid Foil Paper. Mount onto a piece of dark brown cardstock. Cut off the lacy edges from the Narratives Cream Scroll paper. Adhere to the back of the Grid paper. Arrange onto top of clock and mark where center clock work will come through. Cut hole for clock work pieces. Adhere the grid with lacy trim to the clock face.
4. Trace the chipboard numbers onto the Narratives Cream Scroll paper. Cut out and adhere to the chipboard pieces. Adhere the numbers to the face of the clock. Assemble clock hands.
5. Cut off the prongs from four large gold brads. Glue one brad at each corner of the clock face as shown.
