Instructions

- Create templates for an 8 inch triangular owl body and an 8 1/2" triangular wing. Trace template and cut out of black cardstock.
- Trace templates onto back of No Trespassing Paper and cut out. Adhere lightly and stitch to cardstock triangles.
- Remove S, P, two O's, K, Y, V, a bracket and C from a set of Lisa Chipboard Letters. Trace the letter C onto a scrap of chipboard and cut out to make the second letter C.
- Adhere Who's There Paper to the S, P, K, Y and V letters. Trim with craft knife. Adhere Boo-ware! Paper to chipboard bracket, O's and C's. Trim with a craft knife.
- Arrange triangles for owl's body and trace shape on backing material. Use Flora Craft Puffy Paper or cardboard to give the piece additional stability for hanging.
- Using a Xyron or spray adhesive, adhere the triangles to the backing and cut out.
- Trim the letter V to form beak behind the letter O eyes. Adhere letters to owl spelling out the word "SPOOKY".
- Adhere bracket for eye tufts, and letter C's for feet.
- Embellish the owl with a sticker from Spooks Xing Epoxy Stickers.
- Punch a hole in the top of the owl and suspend from a black ribbon.
